BOURBON GUN CLUB ELECTS NEW OFFICERS

At a meeting of the Bourbon Gun Club, held at the court house, the following officers were elected for 1921: Clarence Kenney, president; Alfred Clay, vice-president; Clarence Thomas, treasurer; Rudolph Davis, secretary.

The first club shoot for the year will be held on the club grounds in East Paris, on Friday afternoon, April 15. There will be target events on the grounds every Friday thereafter until the season closes. All trap shooters from outside of Bourbon county are to be made honorary members, and will be welcomed to participate in all the events. The club now has a membership of eighty-seven.

At each shoot in the future, a trophy to be donated by a Paris merchant, will be the prize offered. This will tend to stimulate interest in each event.

A cordial invitation is extended to women to take up trap shooting as a sport. They will be received into the club as honorary members.

It was decided at the meeting that there would be no dues for this year from the old members, but that all new members would be charged the customary fee of \$15.00 as dues.

PARIS MEN INJURED IN AUTO CRASH

Three persons were injured, two probably fatally, about seven o'clock Saturday night on the Paris and Georgetown pike, when a runaway horse ran into a small sedan automobile.

G. H. Kemper, of Scott county, a contractor, who was driving the machine, suffered a fractured skull and several broken ribs. He is not expected to live. S. T. Chin and wife, colored residents of near Jacksonboro, this county, who were in the buggy, were seriously injured, the woman suffering the loss of one eye, and sustaining a broken leg. Chin was driving the horse, which became frightened and ran off. Chin tried to stop the horse by climbing on its back and reaching for the bridle. The frightened animal ran directly into the back of the automobile. The horse was also injured and the auto damaged. Kemper was removed to his home, and the colored people were taken to a neighboring farmhouse, where they were given medical attention.

BURLEY TOBACCO GROWERS TALK MARKETING

At the conclusion of a two-day meeting in Louisville of representatives of Burley tobacco growers, called to discuss a plan to stabilize marketing and price conditions, Judge Robert W. Bingham, who was the host of the meeting, issued the following statement:

"About thirty gentlemen were present. They comprised for the most part growers of Burley in a majority of the Kentucky counties where it is raised. Several of them were also interested in warehouses and several were connected with banks as well.

"On my instance, Aaron Sapiro, of San Francisco, was present to discuss and expound the fruit, vegetable, cotton and wheat co-operative market systems now in successful existence in other parts of the country, and their application to the tobacco marketing problem.

"On Friday he explained the plan and on Saturday he answered a number of questions applying it to our local conditions and crop. He is the leading authority and the main inspiration of successful growers associations elsewhere."

TEACHERS' SUMMER SCHOOLS

Arrangements are being made for the holding of summer schools for teachers at Maysville, Falmouth and Flemingsburg, and possibly a joint school at Millersburg for Bourbon and Nicholas counties, it was stated Saturday night by Professor J. Virgil Chapman, State Supervisor of Rural Schools. The holding of these summer schools is a part of the extension program of the University of Kentucky and of the State Normal schools. Through the summer sessions it is expected the teaching standard of the State will be raised.

MOVING W. U. WIRES FROM RIGHT-OF-WAY

For several days a force of linemen has been busily engaged in and around Paris removing wires of the Western Union Telephone Co. from the poles on the Louisville & Nashville's right-of-way. The work is being done under the direction of C. M. Taylor, of Paris, chief lineman for this territory.

The removal of the Western Union wires is the result of litigation in the State and District Courts extend over a period of several years, between the Western Union and the Louisville & Nashville. Judgment was given in favor of the latter, the decision having been recently affirmed by the higher Courts.

LAST HONORS PAID TO WORLD WAR HERO

With the interment in the Paris Cemetery Sunday afternoon, of the body of Capt. Reuben Hutchcraft, who gave up his life on the battlefield in France, during the world war, final honors were paid, and the earthly ecomium rendered: "Well done, thou good and faithful servant."

Draped in the Stars and Stripes, for which he laid down his young life, on November 6, 1918, along the road to Sedan, and accompanied by a military escort, the casket bearing Capt. Hutchcraft's body arrived in Lexington, at eleven o'clock Saturday morning, over the Louisville & Nashville, from Louisville.

The body was taken in charge by Undertaker Wm. O. Hinton, of Paris, and brought to the home of his parents, Mr. and Mrs. R. B. Hutchcraft, on Second street. Over the box that enclosed the casket was the American flag, a wreath and a twig of red bud. Private Daniel L. Dixon, of Philadelphia, Pa., a member of Battery A, 81st Field Artillery, Camp Knox, near Louisville, was in charge of the body.

The funeral was held at the Christian church, at three o'clock, Sunday afternoon, where services were conducted by Rev. W. E. Ellis. Upon arrival at the church, the casket, preceded by guard of honor, was carried through a double line of members of the Bourbon Post, American Legion, followed by members of the family and relatives Eld. Ellis delivered an eloquent address, eulogizing the life and death of Capt. Hutchcraft, and paying tribute to the Bourbon county soldiers who had made the great sacrifice for their country. A selected program of songs was rendered by the choir under the direction of A. L. Boatright.

At the conclusion of the services at the church, the funeral cortege, preceded by Bourbon Post and members of American Legion Posts from surrounding towns, proceeded to the cemetery, where the final honors were paid. The pall-bearers were Dr. James A. Orr, Collier Dawes, Clinton Harbeson, Cassius M. Clay, James G. Metcalfe and Robert G. Jones, all overseas officers, in full uniform. The guard of honor, color guard and firing squad were intimate friends of Capt. Hutchcraft and overseas veterans. At the grave an appropriate service was held. A firing squad fired three volleys over the grave, and Bugler Frank Higgins, blew the solemn and plaintive notes of "taps," signifying the close of earthly things for the fallen soldier.

Committees from Lexington Post, No. 8, American Legion, the Fayette Bar Association, of which Capt. Hutchcraft had been a member, members of the Transylvania College faculty, where he had at one time been instructor in the law department, members of the Fayette War Mothers Association and a delegation from the Winchester War Mothers' Association, as well as veterans from Mt. Sterling, Winchester, Richmond, Georgetown, Cynthiana, Carlisle and Flemingsburg, and members of Bourbon Lodge, I. O. O. F., attended the funeral.

When the body of Capt. Hutchcraft, which had been resting in the American Cemetery at Letanne, France, since his death, was consigned to its final resting place in the soil of Bourbon, the county he loved and served, those who gathered to do honor to his memory also paid a tribute to the spirit that controlled his life and to the cause for which he died. Capt. Hutchcraft gave promise of rendering most distinguished service in civil life. Of high purpose, lofty courage, civic and moral, as well as physical, thoroughly trained, with keen interest in social and political problems, though one of the youngest members, he attained high rank in the State Legislature. There was full ground to believe that he would attain eminence, not only in his chosen profession of law, but service to his State as a leader of the younger, more progressive men of the State.

HAS CLOSE CALL

A buggy in which Mrs. Wm. J. Reffett, of near Paris, and her one-year-old son were riding on Main street, Saturday, was struck from the rear by an auto belonging to John Hunter, of near Millersburg, and damaged. Mrs. Reffett and her child narrowly escaped serious injury.

The force of the collision forced the buggy on the horse, which ran off down Main street, at that time of the day being crowded with vehicles. Mrs. Reffett gamely held to the lines and brought the frightened animal to a standstill. The horse was seized by Thomas Long in front of his fruit store, and with the help of passers-by Mrs. Reffett and babe were taken from the vehicle and the horse quieted. Considering the crowded streets their escape from serious injury was remarkable.

TUBERCULAR CATTLE ARE MENACE TO HUMANITY

The menace to mankind of tuberculosis among dairy cattle was discussed at a meeting in Paducah of dairymen, doctors and citizens by representatives of the United States Bureau of Animal Industry. Eradication of tuberculosis among live stock is possible, Dr. J. E. Gibson, of Washington, said, but not until men and women cooperate with State and Federal experts engaged in the fight against the plague.

The Bourbon Tobacco Warehouse Co. sold yesterday 79,050 pounds of tobacco for an average of \$14.36. The last sale on the Paris market will be held to-morrow (Wednesday). In yesterday's sale a crop of 1,730 pounds belonging to W. S. Marsh brought an average of \$40.53. Other crops averaged \$23.48, \$25.63, and \$29.26.

BOURBON POST AMERICAN LEGION ELECTS OFFICERS

At the meeting of Bourbon Post, American Legion, held Friday night in the Masonic Temple, the following officers were elected: Commander, William Collins; vice-commander, John Ardery; adjutant, Bernard Santen; treasurer, Finnell Galloway; chaplain and historian, Rev. T. S. Smylie; master-at-arms, Dorsey Allison; executive committee, Hiram Roseberry, Dr. J. A. Orr, Dr. Avonia Kiser, Stanley Dickson, Nathan Bay-

J. Jones, of Louisville, State Adjutant, addressed the meeting on the subject "Americanism." He complimented Bourbon Post on its membership and the enthusiasm evinced in the work they had undertaken, and outlined the national program of the American Legion in the protection and advancement of the principles of Americanism. A musical program was rendered by Barnette Winters, Dr. W. J. Kiff, Wm. M. Talbott, Maurice Clark and Miss Nancy Young. A lunch served by the Bourbon War Mothers, preceded the meeting, which was open to all former service men of the county.

BILLY SUNDAY COMING "SOME TIME IN FUTURE."

The coming to Paris of the noted evangelist, Billy Sunday, still remains an uncertain quantity. A letter received by the Ministerial Association of Paris from Mr. Sunday's business manager, Robert Matthews, at Cincinnati, gave positive assurance that Mr. Sunday would deliver a sermon in this city in the near future.

Mr. Sunday's custom is not to preach on Mondays in the cities where he is holding revivals, and, when his physical condition permits, to give some of these Mondays to nearby cities. He has five Mondays remaining during his Cincinnati engagement, and has received twenty requests from various places for a date. Mr. Matthews assured the Ministerial Association that Paris will be able to hear Mr. Sunday very soon, and that notification will be given them in time to make necessary arrangements.

COMMERCIAL CLUB NOON DAY LUNCHEON

Dr. M. B. Adams, president of Georgetown College, will be the principal speaker at the Commercial Club's noonday luncheon to-day. Assurance that he would be here was conveyed in a telephone message to Prof. Lee Kirkpatrick, Superintendent of the Paris schools. Dr. Adams' interest in the subject of community welfare will tend to make his address of great interest to the people of Paris. The luncheon will be served at 12:10 o'clock, in the Wilson building, at Third and Main by ladies of the Eastern Star order, assisted by the members of the Women's Class of the Christian church Sunday school. There will not be a vacant seat at the tables when "time" is called.

PRESIDENT PATTERSON CELEBRATES 88TH BIRTHDAY

Dr. James Kennedy Patterson, president emeritus of the University of Kentucky, at Lexington, spent his 88th birthday Saturday quietly at his home on the university grounds, receiving practically no one, because of his ill health, but the recipient of a shower of congratulatory telegrams from all corners of the country and not a few from across the ocean. Many of his local friends sent flowers of great beauty.

Even at his advanced age, and hampered by illness, the venerable old gentleman keeps a firm grasp on both the past and present and is still able to peer into the future with his own peculiar faculty of foreseeing the probable results of the present's activities, although Dr. Patterson does not talk for publication now—which is a loss to the public—because of that same infirmity which has been with him for nearly a year.

BEN WOODFORD ANNOUNCES FOR TAX COMMISSIONER

Mr. Ben Woodford, Jr., of near Paris, passed a highly creditable examination for Tax Commissioner at the examination held in this city recently, and will be a candidate for the office. He will have with him as Deputy Tax Commissioner, Mrs. Mattie Edwards Clark, widow of Walter Clark, who held the office of Tax Commissioner at the time of his death. In this issue of THE NEWS will be found Mr. Woodford's official announcement.

Mr. Woodford, by reason of his extensive acquaintance with the farming element and business people of the county, and by his thorough business training, is eminently qualified to fill the office to which he aspires. Under the new form of administering the county roads he was entrusted with one of the most responsible positions in that service, where he has shown his sound business judgment and capacity. He is well-informed as to land values of the county, and would bring to the administration of the office a good training in business matters, insuring capable attention to the clerical work demanded in that position. He is a son of Mr. and Mrs. Ben Woodford, of this county. His thorough fitness for the office should constitute a splendid appeal to the voters of the county. To put the matter in a concrete concise form the voters of the county could make no mistake in putting Ben Woodford in an office where conservatism, accuracy and business methods are so essential.

Mrs. Mattie Edward Clark, who has been selected as Deputy with Mr. Woodford, was appointed by County Judge Batterton to fill the unexpired term of her deceased husband, having the distinction of being the first woman in the State to have such honor. She is one of the most popular women of the county, where she has spent her life in good works. She is prominent in the social and church work of the community. Mrs. Clark is now serving as Tax Commissioner of the county, and her administration is receiving the approval of the people of the county.

TEST CASE WILL AFFECT EVERY COUNTY IN STATE

The question of whether a county tax commissioner is entitled to a fee of 2 cents on the \$100 for the assessment of property exempted by law is involved in a suit filed in the State Fiscal Court at Lexington by T. R. Little, county tax commissioner of Grant County, against the State Tax Commission. Littell seeks to compel the tax commission to certify to the Grant County Board of Supervisors \$437,630 deducted as exemptions from the 1919 assessment of \$9,392,405. Littell contends he is entitled to collect the 2 cents on the \$100 for exemptions made under the law of \$250 to each housekeeper. The suit is a test and affects every county in the State.

ALLEGED AUTO THIEF JAILED.

Charged with stealing an automobile from the vicinity of the court house, in Paris, several days ago, John Morris, aged eighteen, was placed under arrest by Paris officers and taken to jail. Morris defaulted on payment of a \$300 bond some time ago. He is alleged to have confessed his guilt.

"Yankee Doodle."
The authorship of "Yankee Doodle" is generally ascribed to Dr. Richard Shuckburg, a British surgeon and wit. Dr. Edward Everett Hale has attributed the present version of "Yankee Doodle" to Edward Harvard Bangs, who graduated from Harvard in 1777. The tune has been attributed to various countries and even carried back to the church of the middle ages, but most likely it had its origin in England. It is found in an opera by Samuel Arnold, "Two to One," produced in London in 1784.

It has been reckoned that a single pair of sparrows and a nest of young ones consume about 3,000 insects a week.

Speedomaniacs continue to usurp on the streets of Paris, despite the city ordinances made and provided in such cases and the well-meant intentions of the police to stop it. Showers of dust cloud my place every morning—when it isn't mud." What say the city dads?

There is sound, common sense in the proposal made by Rabbi Philipson, of Cincinnati, to eliminate eulogies at funerals, and limiting the services. Rabbi Philipson suggests services he held later to honor the memory of any unusual man who has contributed markedly to the sum total of human endeavor and achievement. "But the funeral service itself should be the same for great and small, for rich and poor, for known and unknown," he adds, "since, however, unequal men may be in life, they are equal in the common mortality wherof death is the sign and symbol, and the same funeral service for all would be the most striking expression of this equality."

PRESIDENT HARDING'S HOBBY

At a "hobby party," staged at Keith's Theatre, in Washington, by the National Press Club, President Harding, though not on the program, when introduced as "the publisher of the United States," spoke from the box where he was sitting with Mrs. Harding, saying that he was too good a newspaper man to "decline an assignment," and told of some of his early days as a newspaper man in a small town. Paying a tribute to the "tramp printer" of a generation ago, he told how he had befriended one of those picturesque characters, who, in later years, repaid the obligation. This led to the President's story of his hobby, and he said, "If, in the fortunes that are to come to me, among the burdens and responsibilities of my office, without violating my oath or my devotion to my country, I can somehow touch the disappointments of yesterday, and turn them into the hopeful fruition of to-morrow, I shall have indulged the hobby that is dearest to my heart."

COMMISSIONER FRED A. WALLIS CRITICIZED.

Frederick A. Wallis, of Paris, son-in-law of Mr. and Mrs. Thomas Henry Clay, Sr., of Paris, and one of the best-known and most popular business men of New York, has been made the subject of a newspaper attack by the Federal Welfare Director at Ellis Island, New York, where Mr. Wallis is in charge.

Mr. Wallis, who is highly regarded by a large circle of friends and acquaintances throughout Kentucky has, according to a recent dispatch from New York, answered the Federal Director's criticism by his oft-repeated charge that "the conditions at Ellis Island are awful, due to a lack of money with which to properly conduct the immigration station." During the past year Mr. Wallis made a determined fight to secure betterments at Ellis Island, and his statements, given out from time to time, on the deplorable conditions at the immigration station, have been the subject of general debate in Congress for several months, but thus far no relief has been afforded.

The outstanding ruptures at Ellis Island are between Commissioner Wallis, in charge at the Island, and Mrs. Helen Bastedo, director of welfare, and between Wallis and Dr. Copeland.

Mrs. Bastedo, who represents fifteen welfare organizations, blames Wallis. She has declared war on him.

Dr. Copeland also blames Wallis. He says the latter has barred him and all city health authorities from Ellis Island.

Wallis calls Ellis Island a "cesspool" and blames Congress and Anthony Caminetti, commissioner general of immigration at Washington.

Sourness, Acidity

You don't want a slow remedy when your stomach is bad or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapepsin and disordered stomachs are so needless. The relief comes quickly, no disappointment, and they cost so little, too. (adv)

GEORGETOWN COLLEGE WINS INTER-SOCIETY DEBATE

The Ciceronian Literary Society, of Georgetown College, won the annual Inter-Society Debate held in Georgetown. The Society team, composed of J. L. Lair, of Houstonville, T. K. Shuff, of Georgetown, and Wallace Beckley, of Pleasureville, debated the negative side of the question, which was, "Resolved That Ireland Should Be Given Complete Independence."

The affirmative was supported by Guy Stevenson, of Columbia, Ky., Wayne Keller, of Henderson, and J. B. Head, of Lexington.

The four best speakers were chosen to represent the College in the Dual Inter-Collegiate debate to be held next month. Stevenson, Shuff, Lair and Keller were chosen. Two teams of two each will be made up from these four. One will debate the affirmative and the other the negative against two teams from another Kentucky college.

WANTED "DADDY" REPRESENTED.

Some time ago a little child came to THE NEWS office and asked what the cost would be to make a card for her father, who is a candidate for Jailer. She wanted him represented on the "merry-go-round" advertising wheel in the show window. "I'm gonna see that daddy gets on that wheel some way," was the child's parting remark.

In a few day "Daddy" came in and left an order for several thousand cards announcing his candidacy. One of these was given a place of honor on the "political merry-go-round," and now the kiddie is happy indeed, for "Daddy" is represented sure enough."

MRS. HAMON AND THE MOVIES

(Courier-Journal)

Of course the Hamon woman was acquitted of the murder of the Hamon man, and of course now the country is to be regaled by her exploitation in the movies.

Promptly on this announcement Louis J. Ditmar, president of the Motion Picture Theatre Owners of Kentucky, sent this telegram to the National Motion Picture Association in New York:

"We protest the motion picture exploitation of the Clara Smith Hamon story as announced by the press.

Good! It is highly gratifying to see the Kentucky managers take this position. Let them stand by it. Let them refuse, under any circumstances, to exhibit pictures in which this female appears. Let them refuse to be parties to the outrage which prostitutes of the movie industry would inflict upon the public for the filthy money they hope to make out of it. If the screen is to be saved from a rigid and mischievous censorship it must be by such action as that of the Kentucky owners in this instance.

NOTES OF THE LODGES

The Odd Fellows of Kentucky have started a "drive" for membership. Every lodge has been given a quota. Bourbon Lodge No. 26, of Paris, has been given a quota of 75. This lodge never falls down on an assignment and will be sure to be in the foreground of the campaign. "The Truth," Odd Fellows organ published in Louisville, says:

"The Grand Encampment of Kentucky will meet at Paris, Ky., on Wednesday, May 18, 1921. Paris being centrally located and a beautiful city, in the heart of the 'Bluegrass' section, should attract a large delegation from throughout the State. Here you will meet the Deputy Grand Master, E. B. January, which in itself is well worth a trip to Paris. It is sincerely hoped that legislation may be introduced at this session which will advance some new plan of action that will enliven and stimulate this branch of the order. Deputy Grand Master E. B. January is an enthusiastic Odd Fellow, and ready and willing to do his part, plus a good portion of the other fellow work."

Rathbone Lodge team will confer one of the ranks Thursday night, and every member is urged to be present.

The Hermione Temple, No. 12, Pythian Sisters, will meet Thursday night. There will be seven candidates—6 Sir Knights and one lady. Let every member be present promptly at 7:30 o'clock.

These are appointments that are practically certain to be made, according to Republican leaders who know the inside of politics in Kentucky. The announcements were made after many aspirants for Federal positions presented their claims for preferment to the leaders in conference held in Louisville. Nobody made any promises, it is understood.

No decision has been reached regarding the United States marshalship at Louisville, but it was indicated that William E. Ross, Sheriff of Jefferson county, will not be appointed to the post.

WHALEY BUYS ISGRIGG FARM

The 160-acre farm of Sweeney Isgrigg, located on the Ruddles Mills pike, near Paris, advertised in several issue of THE NEWS, was sold at public sale Saturday morning by the real estate firm of Harris, Speakes & Harris, to Will H. Whaley, of Paris, for \$227.80 an acre. Mr. Whaley will get possession of the farm about April 10. The sale was conducted by Col. George D. Speakes.

A TYPICAL EASTER

Sunday morning—drop a tear in memory of Sunday afternoon—was an ideal Easter morning and everyone was grateful. Paris women were thankful that their new Easter bonnets would not be obliged to waste their sweetness on the dark cloister of hat boxes, and ministers of the churches were thankful because they knew, when they saw the sunshine, that husband and wife would be in their accustomed places at the services. A Paris man remarked that the number of Easter church-goers Sunday was larger than ever before. Specialists in matters of fashion declared that the very latest modes were to be seen among the paraders.

SOME WEATHER!

Man proposes, but the Weather Bureau disposes. That's the case at present. From warm sunny weather Sunday, when a man actually had the temerity to appear on Main street, wearing a Panama hat, to yesterday's sudden drop to almost freezing temperature, isn't a long jump for the weather sharps. Zero weather is reported from Canada and the Northwest. But the kind we are having at present is near enough. The robins and bluebirds have scooted to cover, while overcoats and fires are again in use. Verily, this is some climate!

Whether the cold will be severe enough to kill the early crops is problematical. Warm suns and premature April showers have brought out truck and garden vegetables a month before their time. Farmers fear that the potato crop, which had just been planted for the early season, would be washed out of the ground by the heavy rains. Many fields in the county were flooded.

RELIGIOUS:

Easter services in all of the Paris churches Sunday were marked with rare beauty. Masses of flowers, musical programs and impressive ceremonies prevailed. Among the most beautiful of these were the services at the Church of Annunciation and at the Presbyterian church, where the musical programs were impressively solemn and beautiful. Appropriate sermons were delivered by the pastors of the churches. Members of Couer de Lion Commandery, No. 26, Knights Templar, in uniform, attended special services conducted at St. Peter's church by the rector, Rev. W. S. Cain, who is a member of the order.

WAR RECORD VALUABLE AS STATE RECORD

The War Historian of Kentucky finds the War Record published by Georgetown College a very valuable document to add to the collection of facts and figures regarding Kentucky's part in the World War.

The document itself, containing individual records of all Georgetown men and women who served, a statement of the Student Army Training Corps of the College, the record of the Governmental Adjutant, who was a Georgetown professor, and the service of Georgetown College girls in Home Service is a valuable addition to any collection. The individual write-ups will serve as a source of information, and will save time and trouble in the collection of service records.

Recommend the Use of Camphorated Oil and Menthol Creams For Relieving Coughs, Colds, Croup, Catarrh, Pneumonia and All Contested Conditions.

The best form in which to apply a remedy of this kind will be found in MINTOL, which not only contains Menthol, Camphor, Oil of Eucalyptus and many other healing and antiseptic oils, but also contains germicidal properties which kill the grip or influenza germ. If MINTOL is applied to the nostrils it sterilizes the nose and acts as a preventative as well as a cure for colds and catarrh.

If you will apply a little MINTOL about the size of a bean to the back of the tongue it will sterilize the throat and relieve hoarseness, coughs and all throat troubles. When applied externally to the throat and chest it will break up congestion and prevent or relieve Croup, Whooping Cough and Pneumonia.

It is not necessary to use old-fashioned blisters which are often times either disagreeable in odor or cause soreness and annoyance to the patient and those attending them. MINTOL will be found the most effective, modern, scientific treatment for all inflamed conditions. A jar in the home will protect the whole family from Coughs, Colds and often times prevent Pneumonia. If your druggist cannot supply you we will mail you a jar on receipt of price, 35c, 60c and \$1.25. The Home Relief Laboratories, Boston, Mass. (adv)

MAN DESIRING PRAYER TAKES PRAYEE'S PURSE

Amos Hamon, of Georgetown, went to Cincinnati to attend the Billy Sunday revival. The Reverend Sunday called on all to kneel and pray. A gentleman whom Mr. Hamon had just met, asked that he be remembered in Mr. Hamon's prayer. The request was accompanied by a stroke on the back, which ended at Mr. Hamon's hip-pocket from which a pocketbook containing \$35 was extracted.

It is estimated that 25,000,000 copies of Charles Dickens' works have been published since they first appeared seventy years ago.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and Pain.

Handy tin boxes of twelve Bayer Tablets of Aspirin cost but few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic acid ester of Salicylic acid. (adv)

"BAKER ESTATE" NOW PROVED SKIN GAME

The vast "Baker Estate," which country has been told is worth anywhere from \$200,000,000 to \$800,000,000 and ready for division among the Baker heirs, is a fraud, designed to swindle Bakers everywhere.

The authorities at Philadelphia say that the taking of money from anyone believing himself a Baker heir, with the idea of obtaining for him a share in the tremendous fortune, is a crime.

If they can get the necessary evidence, they will begin prosecution immediately.

The mythical Baker estate has been reported to comprise almost priceless real estate in the heart of Philadelphia—in fact the very site on which Philadelphia's \$25,000,000 City Hall stands, and also a large part of the land on which the city of Chillicothe, O., is built.

Apparently the entire United States is now flooded with rumors that this estate is ready to be divided among the heirs, and confidence men are trying to induce Bakers to part with money to fight for their share. A mythical 99-years' lease is said to be about to expire.

The Baker estate has been investigated by the Municipal Bureau of Legal Aid. Roman C. Hassrick, chief of that bureau, says the whole thing is a hoax.

"The Orphans Court reports to me that they consider the whole matter a fraud," says Chief Hassrick, "and the register of wills office says the same."

AMERICAN LEGION CONVENTION FEATURED IN TOUR

State Headquarters of the American Legion will stage a series of rallies in the central counties during the week of May 16, using as a slogan "On to Lexington for the 1921 State Convention."

Leaving Louisville on the morning of May 16, by automobile, Maurice K. Gordon, State Commander; Emmett O'Neal, National Committeeman from Kentucky; Ulric Bell, Past Commander; S. S. Jones, Department Adjutant, and other members of the Legion will visit posts in the following towns: Shelbyville, Frankfort, Versailles, Georgetown, Lexington, Cynthiana, Williamsburg, Covington, Newport, Alexandria, Augusta, Maysville, Carlisle, Paris, Winchester, Richmond, Lancaster, Stanford, Danville, Harrodsburg, Springfield, Bardstown, Taylorsville and other towns to be announced later.

This tour is planned with the expectation of making the State Convention at Lexington in September the greatest celebration Fayette county has ever known. The following cities will be expected to hold evening meetings, as the party will spend the night in each: Lexington, Covington or Newport, Maysville, Winchester and Danville.

IN THE LIMELIGHT OF POLITICS

The political column of Sunday's Lexington Herald carried the following story regarding a prominent Paris Republican worker:

"Clay Howard, of Paris, is an applicant for Minister of Peru. He was appointed to this place by President Theodore Roosevelt, and his successor was Leslie Combs, of Lexington, appointed by President Taft. M. F. Bathrick, of Salyersville, and N. B. Bowers, of Prestonsburg, are also considered possibilities for the Peruvian appointment."

The Herald also carried the following regarding the political aspirations of a former Paris boy, son of the late P. I. McCarthy, of Paris, and a nephew of Miss Julia McCarthy, of Paris:

"Frank McCarty, young local attorney, connected with the law firm of Hunt, Bush & Northcutt, will oppose Hogan Yancey for the Democratic nomination for County Attorney. Cards announcing his candidacy have been printed and are being distributed."

LANGLEY ENDORSES JUDGE CHAS. KERR.

Appointment of Judge Charles Kerr, of Lexington, Ky., as Federal Judge of the Panama Canal Zone, and of Judge McKenzie Moss, of Bowling Green, Ky., as solicitor for the Postoffice Department, is considered practically certain by Washington Republicans in close touch with President Harding.

Representative John W. Langley, of Kentucky, called at the White House to urge appointment of Judge Kerr to the Canal Zone position.

Former Congressman Caleb Powers, who retains a residence in Kentucky, although living in Washington, also was a White House caller. He is understood to have asked for an appointment as Commissioner of Fisheries, but the President is said to have determined on Reno S. Harp, of Frederick, Md., for that position.

Probably Most Common Name.
Thousands of years before Christ the Hebrews had a name corresponding to our John and this has remained a most popular name, met in some form or other in almost every country. One of the variations is the Latin Johannes from which is derived the modern German Hans. Without this final "e" this was widespread in England during the middle ages and from this is derived the modern Hankin (or Little John), Hancock, or Hanson and Hankinson.

Dirt Obscures Light of Lamp.
When the lamps become old and more or less dirty between cleaning periods the emitted light falls off about 25 per cent, according to the Electrical World. Consequently, for a desired foot-candle illumination, the rating of the lamps must be about 25 per cent higher than that found necessary from the calculations based on the efficiency of new, clean lamps.

How Cincinnati's Greatest Store Secures Quality Merchandise

FORTY-FOUR years ago a young man came to Cincinnati and founded a retail store. It was a tiny affair—but this young man had a vision—he looked to the future—determined to build the greatest store in Cincinnati.

This is how he succeeded:

The Mabley & Carew Company, nationally known as "Cincinnati's Greatest Store", has approximately 140,000 square feet of space.

It employs about 700 people. Its annual business is computed in millions. It carries stocks of over a million dollars of quality merchandise. It sends buyers to many markets.

These experts buy the best at prices that enable the store to sell at reasonable figures.

Easter fashions for men, women and children now displayed—the best styles, the highest quality, the best service at lowest prices.

You are always welcome in this friendly store.

WHAT PARIS
WANTS TO KNOW

The Answer Is Found In the Statement of a Paris Resident

From week to week, from year to year, there have been appearing in these columns statements made by neighbors, which we have all read with great interest, and many of us with great profit. But what we want to know is, do they stand the greatest test of all—the test of time? Here is conclusive evidence on this point from a Paris man:

Philip M. Heller, proprietor meat market, 314 Second street, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. Whenever my back has been weak or lame or my kidneys have acted too frequently, causing me to get up during the night, a box of Doan's Kidney Pills which I get at Varden & Son's Drug Store has always given fine relief. I certainly think Doan's are a splendid remedy and gladly recommend them to anyone." (Statement given November 9, 1916.)

On November 12, 1920, Mr. Heller said: "I am glad to say the cure Doan's Kidney Pills made for me has been a lasting one. All I said in the past in favor of them I now confirm for today as highly of Doan's to-day as I ever did."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Heller had. Foster-Millburn Co., Mfrs., Buffalo, N. Y. (adv)

LEADING STATE MASON DIES IN MAYSVILLE.

E. A. Robinson, 72 years old, retired cigar manufacturer, died at his home in Maysville, Saturday afternoon, after an illness of only four days. Mr. Robinson was nationally prominent as a Mason. He was one of the few thirty-third degree Masons in Kentucky and served as grand commander of the Grand Commandery, Knight Templars of Kentucky in the year 187-88. He is the last of the famous "5-15-22" party of Knight Templars who attended the national meeting in Cleveland in 1877 and gained national fame. Their name arose from the fact that there were five Knight Templars in the party with fifteen members of the old Maysville band and twenty-two gallons of Kentucky whisky.

Funeral services were held Monday afternoon in charge of the Maysville Commandery, Knight Templar.

In France it is fashionable to place gold bracelets, studded with jewels, on the forelegs of poodles.

OH, MY STOMACH

"I had stomach trouble so badly that nothing I ate would digest as it should," said Sadie E. Hamilton, Portland, Me., as she began a remarkable story of the relief she has secured from Argo-Phosphate, the new reconstructive stomach tonic system purifier.

"Everything that I ate would lie in my stomach like a lump," she explained. "Gas would form and I would suffer distress all the time. I got so I could hardly keep anything down. Trying to get relief, I had my stomach pumped out, but even this did not help me as I continued to eat."

"I kept hearing so much about Argo-Phosphate that I thought maybe it would help me and I decided to try it. I have taken two bottles and to my surprise I am already feeling fine. I can eat anything and I am not troubled at all."

"I am completely rid of my old stomach trouble that I had for three years. I have not felt so well for years and I am certainly glad to endorse Argo-Phosphate because I want others to be helped by this wonderful medicine."

The spirit of wanting to help others is what makes suffering men and women give these splendid public endorsements of Argo-Phosphate," said a local druggist.

Docile Chinese Women.

She has no servant troubles to worry about, no divorce suits, no nerves. Simple acquiescence to the age-old order of things as they are is the basic principle of her existence.

MAKING SURVEY OF 1921 BUSINESS CONDITIONS

J. D. McClintock, agent in Paris, Ky., for the Fidelity and Deposit Company, of Maryland, is conducting a survey of economic conditions in his territory in behalf of his organization.

This survey is being undertaken simultaneously in more than one thousand American cities and towns. The information gathered here and in other localities will be telegraphed to the home office in Baltimore to be analyzed and tabulated, and when made public will give a picture of the National situation. The questionnaires drawn up by the company and used by its representatives will be answered by March 23.

Following the lines of the first survey, the men are finding out whether industry is getting back into its stride, and how far the public has resumed its buying. They are questioning the bankers, merchants and other key men of their communities about the trend of living costs, the building program, and the extensiveness of strikes, unemployment and failures. In the centers which draw their wealth from the soil, they are studying conditions on the farm and the movement from rural to city districts.

In the first survey the return of optimism in business was accurately forecast. This time the Nation-wide inquiry will disclose what local and other issues are uppermost in the minds of the people. The F. & D. men are going to ask particularly what the average American thinks about his taxes, and will make a comprehensive review of the business and financial situation.

TEACHERS WILL GO THROUGH SUMMER SCHOOLS.

When teacher goes to school this summer it will be no five-days-a-week with two fifteen minute recess periods a day. This is assured by instructions, just sent out by Superintendent of Public Instruction Colvin to county superintendents. The schools, which are to be under the supervision of the University of Kentucky and the two Normal schools and part of the extension work of these institutions, are to run six days a week for a period of five weeks.

Another Nashville Woman Benefited
By Tanlac Three Years Ago

"Tanlac relieved me of my troubles and put me in splendid condition three years ago and I know just where to go when I need something to build me up," said Mrs. Louise E. Sneed, 1218 Fifth Avenue, North, Nashville, Tenn., while purchasing a bottle of Tanlac the other day.

"I suffered for years from stomach trouble and about three years ago I got into an awful condition. I couldn't eat a thing, but what caused me to suffer agonies, my nerves were all upset, I couldn't sleep and I suffered a great deal from rheumatism. I had a dull, heavy, languid feeling all the time, with no strength nor energy, and at times my sufferings were almost unbearable.

"That was my condition when I got Tanlac, and I declare the medicine just made the most wonderful change in me. My stomach stopped bothering me. I began to sleep as sound as a baby, all my aches and pains left me and I was built up in every way, until I felt fine all the time, and I'm feeling that way yet. My faith has been pinned to Tanlac ever since that time. I am getting this bottle now to tone me up in the change of seasons when spring comes on."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

TELL IT TO THE EDITOR

Every newspaper editor is desirous of printing all the legitimate news of his subscription field. That is the object of his paper.

But unfortunately an editor is partly human—at least he is molded in human form. He doesn't possess a dozen pairs of hands or legs, or eyes, or ears for the collection of this vast fund of information.

That is why the editor urges you to tell him what you know—to keep him informed of the doings of yourself and family, of your friends, or of the community in general.

It is the only way to make a good paper and is one of the prime requisites to a good community in which to live and do business.

Tell it to the editor.
He'll tell others—if it is tellable.

CORMS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the caluses, without soreness or irritation.

Shaving, according to one doctor, increases neuralgia and other troubles of the face and so tends to shorten life.

His views on all vital subjects are broad and liberal, his vocabulary inexhaustible. He is a profound thinker and every thought and sentence is in its proper place and decidedly expressive. We are glad to announce that Elder Yeuell will be with us the remainder of the week, and will deliver a series of three lectures at the High School gymnasium on Tuesday, Wednesday and Thursday evening, beginning at 7:30. This evening will be "Sunny Italy and Her Romances," Wednesday evening, "France of Yesterday and To-day," Thursday evening, "Ben Hur." These are all illustrated lectures, with pictures copied from the sublime master-pieces of the art galleries of Europe. Elder Yeuell gave an illustrated lecture on the Passion Play in the same gymnasium last Friday evening to an audience of more than four hundred people. On Friday evening at the same time and place there will be a community meeting at which Elder Yeuell will be the principal speaker. The subject will be "Millersburg and Her Needs." Everybody is urged to be present at this meeting. There were quite a number of additions to the church, some going to other churches of the town. The new converts will receive the ordinance of baptism in Hinkston Creek near the bridge this afternoon at 3:30. A large crowd will be in attendance.

HOUSECLEANING DAYS HERE.

The wives, daughters and sisters of Paris men will soon be "at it" if they are not already "at it." By "at it" means, of course, housecleaning.

It is vain to admit that the masculine gender loves the neutral gender of the house torn and twisted. It is almost too much to admit that the masculine gender loves the feminine gender in a frowsy old cap and seen through a mist of dust. But it has to be endured and those of us who can make our hearts work under the circumstances should be sympathetic to the feminine of the species in this ordeal of hers. It isn't easy work, and no matter how the male person himself may feel about it at the end of an imperfect day, it's pretty safe to say that she seeks her pillow with tired limbs and aching muscles. Don't make her slumber worse by tantalizing her with your own grouchy remarks about the inconveniences her poor, doleful husband suffers.

Woman is instinctively an artist. She likes beautiful things, more than you do, man. You may dislike to come home to a house that has been through battle, but not half as much as she does. Housecleaning is a necessity, an absolute, total necessity, and she knows it. She knows it, knows that your health and your comfort depends on it. She knows that the children's health depends on it. She knows that the making of a home (the greatest word in the English language) depends on it. And she housecleans, God bless her, whether man storms or approves.

DEATHS.

MANSFIELD.—C. M. Mansfield, aged sixty, a resident of Bourbon county, died last week at the home of Mrs. A. F. Weigel, at Rosedale, Ky., where he had been a guest several days. Mr. Mansfield is survived by his widow and one daughter, Mrs. Royse Taylor, of near Paris.

The body was taken to Independence, Ky., his former home, where the funeral and interment took place.

ELLETT

—Miss Allene Ellett, aged twenty-three, died Saturday morning at a Louisville hospital, following an illness of fourteen weeks. Miss Ellett was the daughter of Prof. R. H. Ellett, formerly of Clintonville, and now a member of the faculty of the North Middletown Graded School. She had for several years been employed in a clerical capacity in the Fayette National Bank in Lexington.

The body was brought to Lexington, Saturday night. Funeral services were held Sunday afternoon at three o'clock. The interment followed on the family lot in the Lexington Cemetery.

WARE

—The funeral of James Thompson Ware, aged sixty-five, who died at his home in Kansas City, Mo., last week, was held in the Paris Cemetery, Friday morning from the L. & N. train from Cincinnati. Services were conducted at the grave by Rev. W. E. Ellis, pastor of the Paris Christian church. The pall-bearers were Dr. J. T. Ware, W. T. Ware, Frank M. Clay, H. Clay Howard and Ossian Edwards.

Mr. Ware was for many years a resident of Bourbon county, but for several years has resided in Kansas City, where he was a practicing veterinarian. He was a son of the late Col. James T. Ware and Patsey Bedford Ware.

RION.

—Death came suddenly to William N. Rion, aged eighty, at his home on Fifteenth street, in this city, Sunday afternoon, about six o'clock. Mr. Rion had apparently been in good health, and had attended the funeral of Capt. Reuben Hutchcraft earlier in the afternoon. On going to his home he was seized with an attack of apoplexy, which resulted in his death two hours later.

Mr. Rion was one of the pioneer residents of Paris, and was a builder and contractor, having in his lifetime, assisted in the erection of many of Paris' most beautiful residences. He was a man of quiet, unassuming manners, a faithful and devoted husband and father, and a man whom everyone liked for his many good qualities.

Mr. Rion is survived by five daugh-

William S. Hart
in "The Cradle of Courage"

In the trenches of France he had washed his crook's record clean. Now he was "Kelly, the Cop"—out to wipe up some of the dirt that in other days he had smeared on his town. That meant war with the gang! With men who once called him pal. With his own brother. A war that burned, and killed, and broke hearts, but in the end—Come Early!

One of the biggest, finest stories ever filmed. With Thomas Santschi and Ann Little. A Paramount Artcraft Picture.
